To the Shareholders

Dear Sir or Madam,

**(1) PROPOSED ISSUANCE OF NEW H SHARES UNDER
SPECIFIC MANDATE**

**(2) NOTICE OF THE 2021 FIRST EGM
AND**

(3) NOTICE OF THE 2021 FIRST H SHAREHOLDERS' CLASS MEETING

I. INTRODUCTION

The purpose of this circular is to provide you with information in connection with, among other things, considering and approving the proposed issuance of New H Shares under the Specific Mandate; and to give you notice of the EGM and the H Shareholders' Class Meeting.

LETTER FROM THE BOARD

II. MATTERS TO BE CONSIDERED AND APPROVED AT THE EGM AND THE H SHAREHOLDERS' CLASS MEETING

1. Proposed issuance of New H Shares under Specific Mandate

Reference is made to the Announcement in relation to the proposed issuance of not more than 76,000,000 New H Shares, pursuant to the Specific Mandate to be sought at the EGM and the Class Meetings.

The maximum number of New H Shares to be issued represents: (i) approximately 3.5% of the total issued share capital of the Company as at the Latest Practicable Date, (ii) approximately 3.4% of the total issued share capital of the Company as enlarged by the Issuance, (iii) approximately 16.9% of the total number of issued H Shares of the Company as at the Latest Practicable Date, and (iv) approximately 14.4% of the total issued H Shares of the Company as enlarged by the Issuance.

Details of the proposed Issuance are as follows:

(a) Class and par value of the Shares to be issued

The New H Shares to be issued are overseas-listed foreign shares which shall be listed on the Main Board of the Stock Exchange with a par value of RMB0.25 each.

(b) Method and time of issuance

The Issuance involves a placing of New H Shares to qualified investors in accordance with the Articles of Association. The Issuance is subject to the approval by the Shareholders and the CSRC and is conditional upon the Stock Exchange granting approval for the listing of and permission to deal in the New H Shares. The Company will implement the Issuance in single or multiple tranches within the validity period of the resolutions in relation to the Issuance and in compliance with applicable laws and regulations.

(c) Target placees and subscription method

The target placees of the New H Shares will be qualified investors (excluding those in respect of which subscription has been or would be prohibited under relevant laws and regulations), who (together with their respective ultimate beneficial owners) are independent third parties and not connected persons (as defined under the Listing Rules) of the Company. The New H Shares will be subscribed by the placee(s) in cash.

LETTER FROM THE BOARD

(d) Issue price and pricing method

According to Article 127 of the Company Law, the issue price of the New H Shares shall not be below its par value (i.e. RMB0.25 each). Subject to compliance with applicable laws and regulations, the New H Shares will be issued at a price determined after arm's length negotiation between the Company and the Placing Agent with reference to the capital market conditions, the overall interest of existing Shareholders, and the trading price of the H Shares of the Company. In addition to the above factors, the issue price of the New H Shares shall not be lower than 90% of the average closing price of the H Shares as quoted on the Stock Exchange over the last five trading days prior to the date of determination of the relevant issue price, and shall comply with the applicable laws and regulations and market practices.

In addition, according to Rule 7.27B of the Listing Rules, the Company may not undertake a specific mandate placing that would result in a theoretical dilution effect of 25% or more, unless the Company can demonstrate that there are exceptional circumstances. Taking into consideration the proposed issue price and pricing method of the New H Shares as set out above, recent market conditions and the fact that the scale of New H Shares to be issued represents only approximately 3.5% and 3.4% of the total number of Shares of the Company immediately before and after the Issuance, respectively, the Issuance would not result in a theoretical dilution effect (as defined in Rule 7.27B of the Listing Rules) of 25% or more within the 12 months' period preceding the date of the Announcement.

Furthermore, the Company and the Placing Agent will decide an appropriate timing for the Issuance, in order to ensure the fairness and reasonableness of the issue price of the New H Shares. The Company further undertakes it will ensure the Issuance would not result in a theoretical dilution effect of 25% or more within the 12-month period preceding the date of the Announcement, including but not limited to adjusting the number of New H Shares to be issued and/or the issue price within the scope of the Specific Mandate as appropriate.

(e) Number of New H Shares to be issued

Subject to the approvals of the Shareholders at the EGM and the Class Meetings, the total number of New H Shares proposed to be issued under the Issuance shall not exceed 76,000,000 H Shares. The actual number of New H Shares to be issued will be determined by the Company and the Placing Agent according to market conditions, the capital requirements of the Company and applicable laws and regulations.

LETTER FROM THE BOARD

In the event of any rights issue or transfer of capital reserves to share capital during the period from the date of the Announcement and the issuance date of the New H Shares, the maximum number of New H Shares to be issued under the Issuance shall be adjusted to ensure that the total amount of proceeds to be raised from the Issuance will not be affected by such events (if any), and according to the following formula:

$$QA1 = QA0*(1+EA),$$

where QA1 refers to the maximum number of New H Shares to be issued post-adjustment; QA0 refers to maximum number of New H Shares to be issued pre-adjustment; and EA refers to the number of Shares to be issued pursuant to such rights issue or transfer of capital reserves to share capital (on a per Share basis).

(f) Accumulated profits before the Issuance

All Shareholders will be entitled to share the Company's accumulated undistributed profits retained prior to the Issuance according to their respective shareholdings upon completion of the Issuance.

(g) Place of listing

The New H Shares to be issued under the Issuance will be listed and traded on the Main Board of the Stock Exchange. Application will be made by the Company to the Stock Exchange for the listing of and permission to deal in all New H Shares on the Stock Exchange, as and when appropriate.

(h) Use of proceeds

The proceeds from the issuance of the New H Shares, after deducting relevant expenses, will be applied as follows:

- a. approximately 50% will be used to replenish the working capital of the Company. In light of the rapidly growing PV industry globally, the Company has expanded its production capacity and scale of PV glass in recent years. It expects that the business of the Company will continue to grow accordingly and, therefore, it is necessary to replenish the working capital to meet the daily operating capital needs of the Company;
- b. approximately 35% will be used for general corporate purposes, which primarily include investment in the research and development (“**R&D**”) projects and investment in PV glass projects. As a leader in PV industry, the Company endeavours to continue to invest in innovation and technology. As PV module manufacturers accelerate the development of large-size PV modules, the Company will further increase its investment in R&D to accelerate the development and market growth of large-size and ultra-thin PV glass. As for investment in PV glass projects, the Company plans to apply the proceeds in various initiatives which

will help to further increase its market share in the PV industry, including but not limited to project renovation, equipment upgrade and marketing and promotion, etc.; and

- c. approximately 15% will be used to repay certain interest-bearing debts of the Company. As of 30 September 2020, the Company had (unaudited) total interest-bearing debts of approximately RMB2,110.9 million, of which RMB913.3 million would be due by 2021, RMB431.5 million would be due by 2022 and RMB766.1 million would be due by 2023. The Company will apply the proceeds from the Issuance to partially repay such interest-bearing debts based on the debt structure (including but not limited to debt currency, debt interest rate and maturity date) and the then capital needs of the Company as appropriate. By partial repayment of these interest-bearing debts with the proceeds from the Issuance, the interest expenses of the Company will be correspondingly reduced, and the capital structure and financial performance will be improved.

(i) Validity period of the resolutions

The resolutions relating to the Issuance shall be valid for 12 months, commencing from the date of passing of the relevant special resolutions at the EGM and obtaining of the approval from class shareholders at the Class Meetings and subject to the approval or permission from the regulatory authorities. If the Company obtains the approval or permission from or completes the filing or registration (if applicable) with regulatory authorities within the validity period of the resolutions in relation to the Issuance at the EGM and the Class Meetings, the Company may proceed with the Issuance in accordance with such approval or permission by the regulatory authorities.

(j) Other relevant authorisation

The Board will seek the Shareholders' approval at the EGM and the Class Meetings respectively to authorise the Board, the chairman of the Board and/or (where appropriate) persons delegated by the chairman of the Board to deal with and complete all the matters in relation to the Issuance with full authority during the validity period of the resolutions relating to the Issuance. Such matters include but are not limited to:

- (1) determining and implementing the Issuance, including but not limited to the time

LETTER FROM THE BOARD

- (2) dealing with matters related to the examination, registration, filing, approval and permission of the Issuance from relevant PRC and overseas authorities and application for the listing and trading of the New H Shares on the Main Board of the Stock Exchange;
- (3) review and approval of agreements (including but not limited to the placing agreement and its amendments and supplements) and documents (including but not limited to application documents with the CSRC and the formal application for the issuance of the New H Shares (C1 Form)) related to the Issuance, publication of relevant announcement(s) (including but not limited placing announcement and announcement on the completion of the placing), next day disclosure return and relevant waivers in relation to the Issuance and approval of the signing, execution, amendment and supplement of all such agreements and documents;
- (4) appointment of legal advisers, placing agents, settlement agents and other intermediaries in connection with the Issuance, and the negotiation and determining their terms of appointment;
- (5) issuance and allotment of New H Shares to successful applicant(s) of the Issuance;
- (6) arranging the opening of bank accounts of the Company;
- (7) authorising and instructing the Company's shares registrar in respect of H Shares, Tricor Investor Services Limited, to register the relevant information of new holders of H Shares or HKSCC Nominees Limited in the register of members of the Company in Hong Kong;
- (8) performing and signing (with seal or not) all acts, matters, deeds and documents and other matters desirable, appropriate or related to the Issuance (as the case may be), and such authority is specifically granted to any Director who shall be authorised to, on behalf of the Company, deal with all matters and implement all acts necessary or desirable in connection with the Issuance;
- (9) amending provisions of the Articles of Association upon completion of the Issuance and in accordance with the actual circumstances of the Issuance as appropriate, to reflect the change of capital structure of the Company due to the Issuance;
- (10) upon completion of the Issuance, signing relevant documents to authorise specified person(s) to deal with the relevant registration and filing procedures with the relevant industry and commerce administration authorities and all other necessary actions in relation to the change of registered capital and amendment to the Articles of Association of the Company; and

LETTER FROM THE BOARD

- (11) dealing with all other matters in relation to the Issuance, including but not limited to formulating, changing, approving, ratifying and confirming all provisions in relation to the Issuance, and signing, or delivering any documents as necessary and appropriate.

Conditions to the Issuance

The Issuance is conditional upon:

- (a) the grant of the proposed Specific Mandate by the Shareholders to the Board having been obtained at the EGM and the Class Meetings;
- (b) the approval of the proposed issue of the New H Shares pursuant to the proposed Specific Mandate by the relevant PRC administrative and/or regulatory authorities, (including the CSRC);
- (c) the entering into of the issuance/placing agreement(s) between the Company and the issuance/placing agent(s) and the subscription agreement(s) between the Company and the investor(s) (as the case may be) and such issuance/placing agreement(s) and subscription agreement(s) (as the case may be) not being terminated in accordance with the terms therein; and
- (d) the Listing Committee of the Stock Exchange granting the listing of and permission to deal in all of the New H Shares to be issued and allotted pursuant to the Issuance.

Reasons for and benefits of the Issuance

The Board considers that the Issuance is beneficial to the Company by providing long-term capital at a relative low financing cost, which will facilitate the Company's steady development and growth. As of 30 September 2020, the Company's (unaudited) total interest-bearing debts were approximately RMB2,110.9 million, accounting for approximately 33.2% of its total liabilities. The interest burden arising from such debts poses additional pressure to the Company's future cash flow. In contrast, no interest would be payable under the Issuance, and the net proceeds from the Issuance will also be applied to partially repay certain interest-bearing debts and to improve the working capital position of the Company. In addition, the ability of the Company to obtain further debts usually depends on its existing banking facilities, profitability and financial position as well as the prevailing market conditions and debts financing may be subject to lengthy due diligence and internal risk assessment by and negotiations with banks, which can also be time-consuming. On the other hand, the Company will have more flexibility and control via the Issuance considering that the Specific Mandate will have a validity period of 12 months from the date on which it is approved at the EGM and the Class Meetings.

In addition, the Issuance will expand the investor base of the H Shares and enhance the Company's access to international investor(s) of strategic value and optimize the Company's capital structure by reducing its interest expenses through utilisation of part of the proceeds from the Issuance to repay certain interest-bearing debts.

LETTER FROM THE BOARD

Appointment of placing agent

The Company has engaged China International Capital Corporation Hong Kong Securities Limited to act as a placing agent for the Issuance and expects to enter into a formal placing agreement with it in due course, while details of the transaction (including the issue price and placing arrangement) are to be finalised.

Fund-raising activities of the Company for the past 12 months

(i) Issuance of A Share convertible corporate bonds

In June 2020, the Company issued the A share convertible corporate bonds to raise RMB1.45 billion. The net proceeds raised (approximately RMB1.44 billion) was and will be applied to the Company's investment in a PV glass project in Fengning Modern Industrial Park, Fengyang County, Chuzhou City, Anhui Province, the PRC with an annual production capacity of 750,000 tons of glass with expected investment amount totaling RMB1,751.7 million (the "**PV Glass Project**"). As of 30 June 2020, approximately RMB15 million of the net proceeds raised was utilised and approximately RMB1,441 million was unutilised. It is expected that the unutilised proceeds will continue to be utilised in accordance with the actual progress of the PV Glass Project (e.g., to meet payment obligations under the various contracts in relation thereto). For further details in relation to the issuance of the A share convertible corporate bonds and the PV Glass Project, please refer to the announcement of the Company dated 12 June 2020 and the interim report of the Company for the six months ended 30 June 2020 (the "**Interim Report**").

(ii) Non-public issuance of A Shares

On 18 January 2021, the Company completed the non-public issuance of 84,545,147 A Shares in total at the issue price of RMB29.57 per A Share. According to the proposed use of net proceeds, among the net proceeds raised (approximately RMB2.48 billion), RMB1.40 billion will be applied for phase II of the PV Glass Project, RMB0.33 billion will be applied to PV backplane glass project(s) with an annual production capacity of 42 million square meters and RMB0.75 billion will be utilised as general working capital of the Company. Phase II of the PV Glass Project involves two production lines with an annual production capacity of 750,000 tons and is expected to be put into production in the second half of 2021 while the PV backplane glass project(s) is also expected to gradually commence production in the second half of 2021. It is expected that the unutilised proceeds set aside for these projects will continue to be utilised in accordance with the actual progress of these projects (e.g., to meet payment obligations under the various contracts in relation thereto). Please refer to the announcements of the Company dated 12 June 2020, 19 January 2021, the Interim Report and the circular of the Company dated 17 July 2020 for further details in relation to the issuance of A Shares as mentioned above.

Save from the above, the Company has not conducted any fund-raising activities involving the issue of its equity securities in the 12 months immediately preceding the Latest Practicable Date.
